

# Power Rates

Effective: First regular billing July 2020

## Schedule 1, General Service

### **A) Residential and Commercial Services:**

Basic charge: \$13.00 per month

Energy charge:

\$0.0233 - first 25,000 KWH

\$0.0240 -25,001 KWH to 49,999 KWH

\$0.0244 -50,000 KWH and over

Demand charge: \$2.00 per kilowatt  
of demand in excess of 50 kilowatts.

**B) Wind Machine Services:** Between the months of April and July the following rates will apply.

Basic charge: \$13.00 per month

Energy charge: \$0.0233 per KWH

Demand charge: \$3.80 per kilowatt of  
demand in excess of 30 kilowatts.

**C) Domestic Pump Services:** Between the months of May and October the following rates will apply.

Basic charge: \$13.00 per month

Energy charge: \$0.0233 per KWH

### **D) Blockchain & Low Tier Data Services:**

Basic charge: \$14.30 per month

Energy charge:

\$0.0256 - first 25,000 KWH

\$0.0264 -25,001 KWH to 49,999 KWH

\$0.0268 -50,000 KWH and over

Demand charge: \$2.20 per kilowatt  
of demand in excess of 50 kilowatts.

### **E) Data Center Services:**

Basic charge: \$13.65 per month

Energy charge:

\$0.0245 - first 25,000 KWH

\$0.0252 -25,001 KWH to 49,999 KWH

\$0.0256 -50,000 KWH and over

Demand charge: \$2.10 per kilowatt  
of demand in excess of 50 kilowatts.

## Schedule 2, Irrigation Service

**A) Seasonal Rate:** Between the months of March and October the following rates will apply.

Basic charge: \$8.00 per month

Energy charge: \$0.0125 per KWH

Demand charge: \$21.50 per kW per  
season

# Planning Ahead

Feb/March 2020

Douglas PUD has a limited amount of low-cost Wells Dam hydroelectric power. Normal load growth is 1.5% per year. In the last three years load growth in the county increased by 40%. This excessive growth is not sustainable by our small utility. Most of this growth is from the blockchain (crypto currency) industry. The District also faces significant capital repairs to an earthen embankment at Wells Dam. The future repair is estimated to cost \$500M. The District is preparing for that project by increasing rates over the next five years. The increased rates will be applied to customers as follows: 1. Blockchain customers will receive semi-annual 10% rate increases 2. Data centers will receive semi-annual 5% rate increases 3. Other larger customers will receive annual 3% rate increases. We appreciate your support as the District plans to protect the valuable assets that will help keep our rates low for generations to come.
